**Idea - FloodSmart Homes**

**Financial assistance to help homeowners retrofit their homes to reduce flood risk**

- Step 1: Sign up for a [free resilience assessment](https://bit.ly/floodpre-ensondc)
  - <https://bit.ly/floodpre-ensondc>
- Step 2: DOE contractor to conduct assessment, recommend mitigation measures
- Step 3: DOE contractor to install mitigation measures at minimal cost to resident. Examples:
  - Waterproof outlets, weather radios, water alarms, sump pumps, elevating utilities, flood proofing, and flood vents

Slide 22

→ 6:43 – 6:50 **Enora Moss** (7 mins)

**Floodproofing Solutions**

- Help us think through options we are considering:
  - Are we focusing on the right mitigation measures?
  - Are we flooding in the right places?
  - Do you have questions about it?

Slide 23

→ 6:50 – 7:00 **Meredith Upchurch** (10 mins)

**Flood Insurance**

- What we have now
  - National Flood Insurance Program
  - Private flood insurance
  - Backflow valve riders for homeowners policy
- We are considering options that
  - Offer quicker payouts
  - Are more affordable

Slides 24-25

→ 7:00 – 7:10 **Salil Khakar** (10 mins)

**Neighborhood-scale infrastructure**

- Help us think through options we are considering:
  - How should we prioritize projects?

Slides 26 - 27

→ 7:10 – 7:20 **Enora Moss & Meredith Upchurch** (10 mins)

**Flood Response and Recovery**

- Who do you call for flooding problems?
- What was your experience after the last flood?
- Where could government improve?
